PROFESSIONAL SUMMARY

Recent Computer Science graduate (2024) with a strong foundation in programming fundamentals and an interest in full-stack web development. Built academic projects across web, database, and security research, and co-authored a published paper. Comfortable with C, C++, Python, Java, JavaScript, and SQL, with hands-on experience in React and Solidity. Seeking an entry-level developer role to learn from an experienced team.

TECHNICAL SKILLS

Languages: C, C++, Python, Java, JavaScript, SQL, Solidity

Web: HTML, CSS, ReactJS, MySQL

Other: Ethical Hacking, Malware Analysis, Database Design

Coursework: OOP, DSA, Advanced DSA, Databases, Operating Systems, Computer Networks, Machine Learning, Image Processing

PROJECTS

Decentralized Social Media Website

ReactJS, Solidity, Ethereum Blockchain | [GitHub](#)

- Blockchain-based social platform where users post and tip each other using Ethereum, eliminating centralised data intermediaries
- Authored Solidity smart contracts for on-chain post storage and peer-to-peer tipping
- Built the ReactJS frontend with wallet integration; formed the basis of a published paper

Smart Medical Prescription Service

Web Platform, MySQL, Cloud | [GitHub](#)

- Cloud-based prescription management system bridging doctors and patients via a web interface
- Designed a MySQL database schema with unique patient codes for organised, retrievable records

Bad Snake — PyPI Malware Scanning Research

Python, Security Research

- Investigated the vulnerability of open-source repositories like PyPI to malware injection attacks
- Catalogued attack vectors and prototyped detection improvements for malicious Python packages

RESEARCH PUBLICATION

Decentralized Social Media Using Ethereum Blockchain and Solidity Smart Contract

IJIRCCE, Volume 12, Issue 5, May 2024

Investigated how centralised social media companies harvest and monetise personal data, proposing a decentralised alternative using Solidity smart contracts for content ownership and tipping without a central authority.

EDUCATION

B.Tech in Computer Science and Engineering

Prist College of Engineering | 2020 — 2024

Higher Secondary Education

Board of Higher Secondary Examination, Kerala | 2019 — 2020

SSLC

Board of Public Examinations, Kerala | 2018
